Dedication

What is behind you
and what lies before you
are tiny matters compared
to what is within you.

As we have grown through the years,
we have dreamt many dreams, felt
many heartaches and discovered much
happiness.

As Sophomores, we felt intimidated at the
senior class. Later, to disgrace them,
we took first place in the homecoming
float.

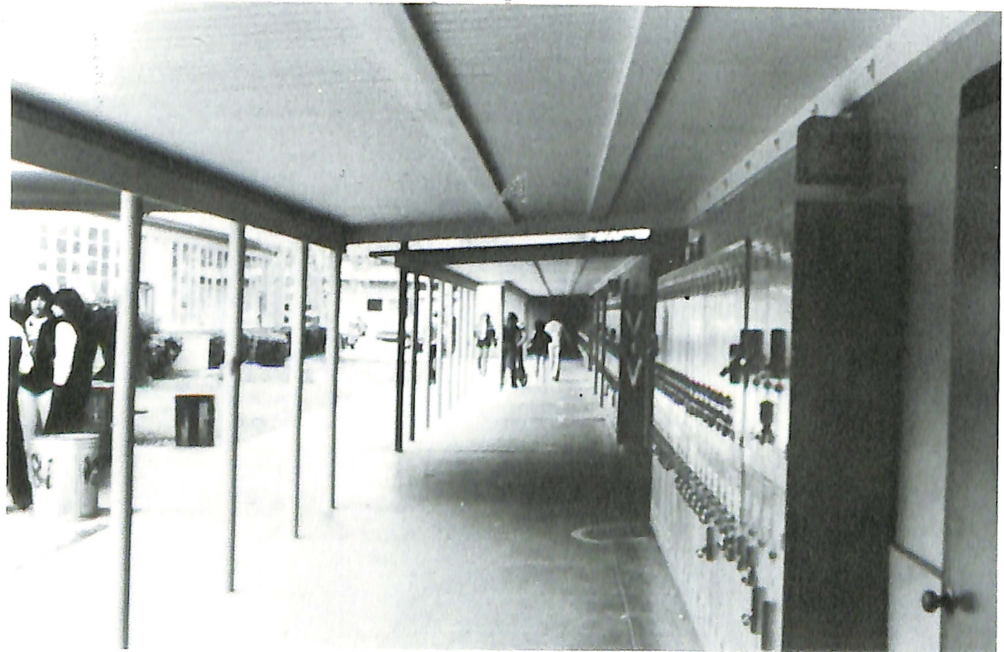

As Juniors, we felt the need for a change.
We showed the senior class that their
"slamathon" could not succeed.

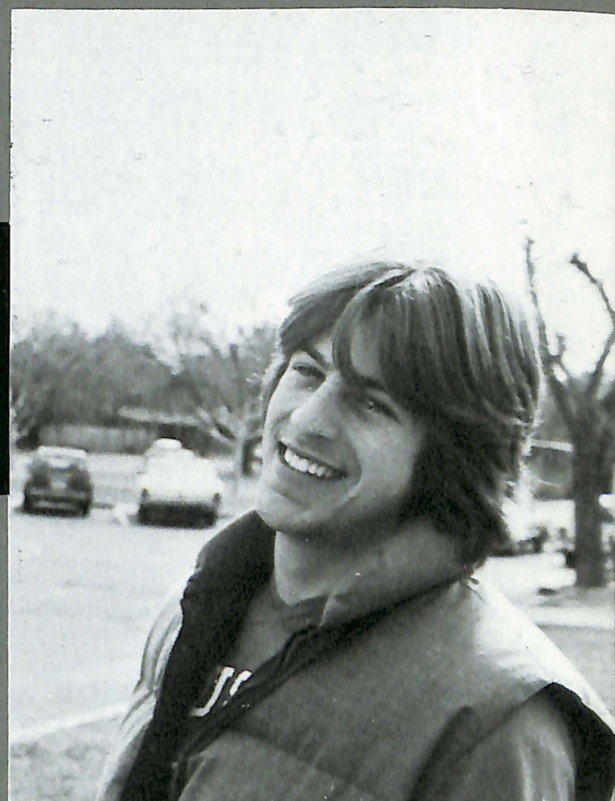

As Seniors, we have taken pride in
ourselves.

We have shown the classes of '81 and
'82

that we seniors truly do have a "Touch of
Class!"

To the classes behind us,
we wish you luck,
The Class of 1980

1979-1980 Ulatis Yearbook Staff

This year has proven to be an exceptionally exciting experience. It is encouraging to find so many students wanting to take part in producing their, high school yearbook. The positive and varied ideas that are suggested help to create a variety of possible layouts, ones that will continue to upgrade the quality of a school annual.

Although scheduled as a class, the yearbook staff is open to all students with dedication and commitment. Months of hard work and frustration are finally rewarded, with the arrival of the completed yearbooks. We know there is no perfect yearbook to satisfy everyone. But through the years, the increase in sales, and enthusiasm generated when books are handed out, seems to indicate that we must be doing something right.

Principal's Message

Congratulations to the class of 1980! Yours is the first class to graduate from Vacaville High School in this new decade. Like other graduates, you view the future with an eagerness and enthusiasm to get on with the business of making a life of your own.

Collectively, you and the thousands of other young adults graduating this year will determine, through your choices, the characteristics of the coming decades. In all probability some of you will have children who will be in the first graduating class of the new millenium, and together you and they will be the forces which shape the 21st Century.

You have the power to influence the future society which will develop. I encourage you to use your potential wisely. Thomas Wolfe once wrote "If a man has a talent and cannot use it, he has failed. If he has a talent and learns somehow to use the whole of it, he has gloriously succeeded . . ." I wish success for each of you.

Everyone starts as a baby
and grows so very fast
First, you're out of diapers
you're potty trained at last.

Now you are a toddler
learning how to walk
Mommy and Daddy get excited
Goo-goo, ga-ga, you can talk.

Mama keeps you home
until you're nearly five
You rip into everything
Ma doesn't think she can survive!

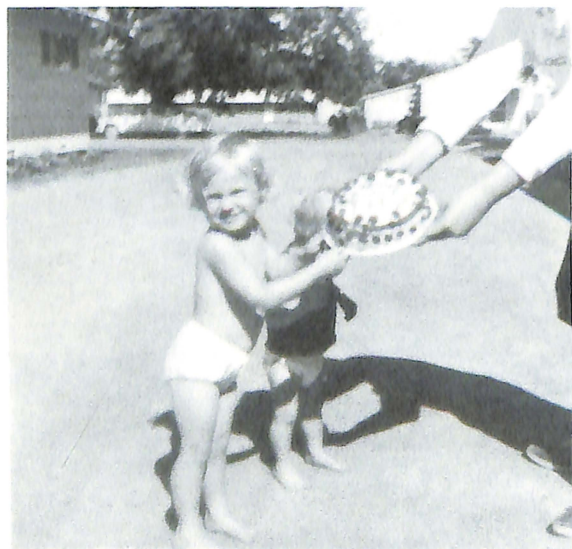

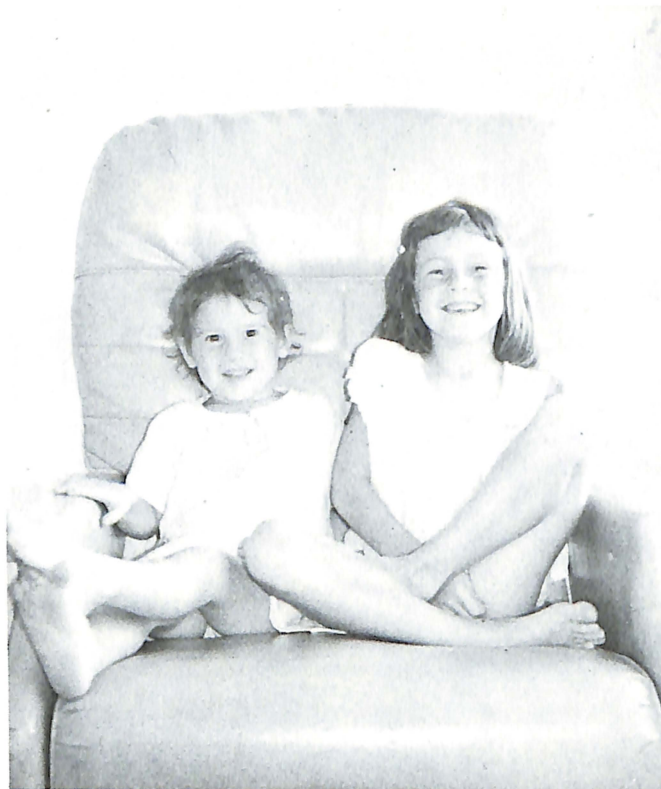

Now it's time for school
K-6 — those were the days!
We all ruled the playground
And four square we did play.

Now it's off to Jr. High
Kiss the recesses good-bye
We calmed down and went to work
With homework piled high.

Then we were freshmen
once again we ruled the school
We had our own Freshman Square
Boy — weren't we cool!

Now I am a senior
the years went by so fast
Ma and Pa can't believe it
I'm graduating at last!
